

## Loyola Men's Group 2 1/2 Minute Courtesy Advisory Chirp

The purpose of this electronic timer is to give a courtesy advisory to the person sharing that 2 1/2 minutes has gone by.

Only two of the buttons on the timer need to be used:

- RED & GREEN
- START/STOP RESET

It is a two-step task:

1. As the next speaker begins (NOT right after the 2 1/2 minute courtesy advisory), press the GREEN button. (This resets the clock to 2 1/2 minutes and sounds a single chirp.)
2. Then immediately press the RED button, which begins the timing, and also sounds another single chirp.
3. When the time has elapsed, the timer will sound a chirping alarm sound. You will need to stop it by pressing the RED button again. Experience has taught us that we don't need to "watch" the clock, because when it sounds, we're not in a hurry to stop it anyhow. Let it go through at least two of its cycles before you stop it (chirp chirp chirp chirp – chirp chirp chirp chirp), to make sure it is heard. You're not in a race to turn it off!
4. The cycle starts again when the next speaker begins.
  - a. GREEN to reset the timer
  - b. RED to start the timer
  - c. RED to stop the chirping
