To my fellow Loyola Men's Group members,

As your "Sponsor Broker" for these last seven months, I have become increasingly aware that if we as individuals are to better grow in our own Programs, then we as a group need to provide a richer nurturing to each other. Knowing how to be a good Sponsor takes more than willingness. *We have much to learn from one another.* Therefore, you are asked to participate in a series of one-hour seminars where some of you have been asked to share your best ideas and experiences concerning a specific topic.

Beginning on March 6th, and continuing each first Monday for several months, we will gather for an hour prior to the regular meeting, beginning at 6:30pm

sharp, and listen to 12 to 15 of our fellow members share with us

their best thoughts on their assigned topic. Presenters are asked to prepare to share for about three minutes each. These talks will be tape recorded and available to each of us, as well as AA on a wider basis.

This upcoming Monday's topics will be: Paperwork to track daily maintenance—Choosing a Sponsor—Willing to put in the time—Start with the First Step—Having rules and guidelines makes it easier—Becoming a new member of a group—Meetings, the importance of, and 90 in 90—Using the phone—Conduct at meetings—The Rules given to the Sponsee—Teach by sharing your thoughts, ideas, and experiences. Be personal—Developing goals—Journalizing—Look for the similarities, not the differences—Discussing unacceptable behavior—It's never too late to start—Surrendering, finally doing it right—Recognizing your Sponsee's relapse behavior—Listening—Making AA friends.
