

The Loyola Men's Group

Hooper Clothing Drive-----September 25th

The Loyola Men's Group has attempted to be of help to The Hooper Detox Center in a number of different ways; one of which is the annual collection of used clothing. Some people come to Hooper with nothing-absolutely nothing!

Please take some time during the next few weeks to go through your closets and drawers, and bring your extra clothing to the meeting on the night of the 25th.

Hooper needs both men's and women's clothing, so you might want to ask your family and friends to do a little Fall housecleaning of their own. Last year a number of our members sent emails to family, friends, and people they work with, asking for their participation. It worked well. Most of the time people just need to be asked to be of help! Later this week, a copy of this notice will appear in your email box, so you can easily forward it to those who you'd like to ask to participate.

Items needed include coats and jackets, shirts and blouses, pants, underwear, sweaters, shoes and socks, hats, even boots. Remember that people who face the winter without anything need these items. This is a good thing we're doing!
